

Bible 2 Harrell

Assignments: January 19 – February 10, 2012

Daily requirements:

- Arrive with your own Bible. I will discuss which Bible editions are appropriate for use in this class. Students will be expected to mark and annotate their Bibles in class as part of the instruction.
- Arrive with your folder dedicated to use for Bible class
- Arrive with personal supplies such as paper and pens

A word about homework and tests for this class: Students may read over the texts ahead of each day's class, but there is not a homework requirement beyond that. The only formal homework will be of announced tests that will be scheduled according to the testing day schedule. Preparation for a test will require reviewing notes and specified texts. Tests will be open Bible and open notes, so there will not be any required memorization, but rather familiarity with material and concepts we have been developing.

Thursday, January 19, 2012

Go over Web site for the class and examine artwork concerning material read in recent days.

Friday, 1/20
